TAKING A CENTRE PASS:

- it is taken at the centre of the field

- it is permitted to play the ball in any direction
- all players other than the player taking the centre pass must be in the half of the field which includes the goal they are defending

- a. If the ball is accidentally played over the back-line by a defending player and no goal is scored, the game is started with a hit to the attacking team on the half-way (27.5m) line and in line with where it crossed the back line. This means the ball is in the attacking half of the pitch and therefore rule 14e applies.
- b. The Rules relating to the taking of a free hit (14.a - 14.e) shall apply to all such re-starts.

Running alongside the taker (channelling) will be penalised as interference.
- e.** If the free hit is awarded in the half that the team is attacking, all players except the taker must be a minimum of 5 metres from the ball. The ball can only enter the circle once it has either travelled 5m “under control” (i.e. dribbled or passed to team mate outside of the circle), or it is touched by a

player of the defending team.

- g.** If either of the defending players moves early they shall be verbally warned not to break again. If either player moves early for a second time, that player shall be sent to join their teammates in the circle at the other end of the pitch and only one player shall defend the penalty corner. If the remaining defender moves early again they will be given one final warning. If they move early for a fourth time then they too

shall join their colleagues and the corner shall be taken with no defenders present

- h.** Defending players are not permitted to enter the restricted zone
- i.** Before any shot at the goal, the ball must first pass outside (beyond) the circle edge.
- j.** If the first shot at goal is a hit, it must not cross the goal-line at above 460mm, (the height of a standard hockey goal back-board) unless it takes a deflection off an attacking or a defending player on the way
- k.** No shot will be allowed if it is judged as dangerous to other outfield players
- l.** If the ball passes beyond 5 metres of the circle edge, the penalty corner restrictions (Rules) shall cease to apply.

- e.** Defending players are not permitted to enter the restricted zone
- f.** If the defending or attacking player fouls during the act of playing the penalty shot, the following should be awarded:
 - Attacking player fouls: A hit out to the defence, taken from the top of the shooting circle
 - Defending player fouls deliberately: Penalty goal (goal automatically awarded to attacking team)
 - Defending player fouls

accidentally: Re-take penalty shot. A penalty shot shall be awarded for any one of the following reasons:

- An offence by a defending player inside the circle that prevents the probable scoring of a goal
- An intentional offence in the circle by a defending player against an opponent who has possession of the ball or an opportunity to play the ball
- A defending player entering the restricted zone and deliberately interfering with play Following a penalty shot, play is re-started with a centre pass (if a goal has been scored).  - Examples of why this may be given are repeated: stick tackles or not retreating 5m when required.
 - c. The second is a yellow card and this represents a suspension of a minimum of two minutes. Examples of why this may be given are: an intentional offence; or conducting an action again that the player had already received a green card for.
 - d. The third is a red card and this represents a permanent suspension from the match. Examples of why this may be given are: for intentionally hitting or striking out at another player or umpire; or a second yellow card offence.

- c.** No player shall wear any equipment that may be dangerous to themselves or other players. This includes raised jewellery, baseball caps with a stiffened peak and / or any sharp object.

*Max Time in a day - this is based on a tournament or festival style activity where teams have multiple games and breaks. Teams must have a break between games. If the Max Time in a day is used it is strongly recommended that the overall length of the activity is at least one and a half times as long, e.g. 2 hours play in 5 hours activity.

^Min Duration of games - these are recommended times for T1 and T2 activity, however organisers may vary these and shorten particularly for lower Tier activity and festivals.
